
Vantage Point from a Community Based Organization

Sonnara Sen

Therapist, ASW

Center for Empowering Refugees and Immigrants
(CERI)

Barriers during the Pandemic

Data – Not reflective of AANHPI community as a whole

Language – Unable to reach ethnic communities with written or spoken language

Accommodations – Most AANHPI households consists of multiple generations

Technology – Negative impact on health, mental health, schooling

Attitudes and Stigma with Mental Health

Generational
differences with
seeking help

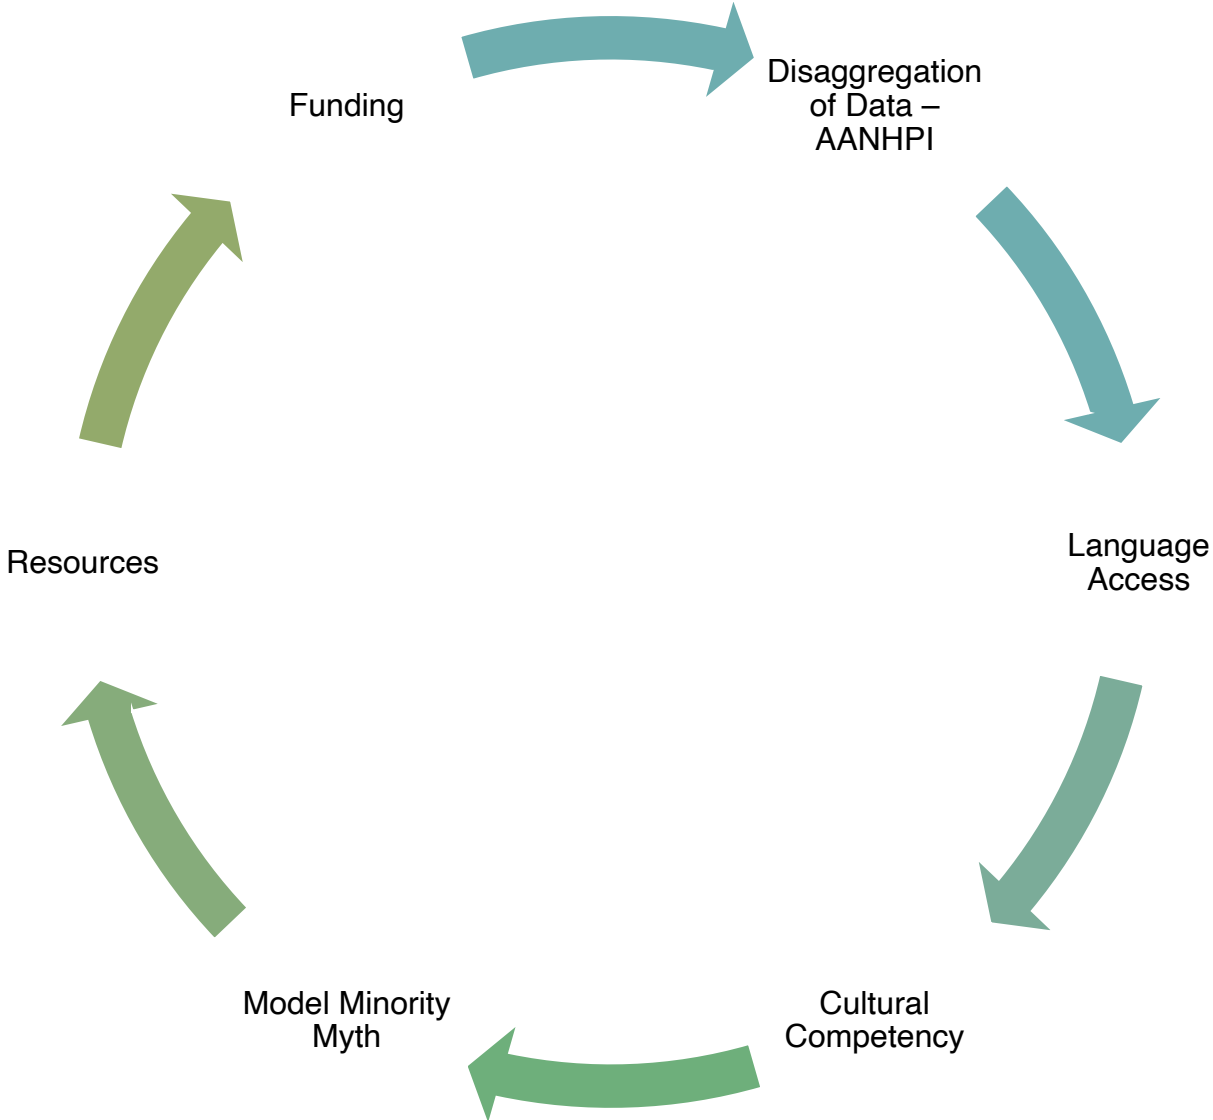

Seeing a need for
more mental
health access for
youth

Culturally
appropriate care

Funding and
costs

Intergenerational
trauma

Barriers to Mental Health Care

Collaboration
